# Gareth's story

I think I made a big mistake today. I saw a mobile in a bag and I stole it. I know that my older sister can sell it on eBay and make me some money.

I have done it before and because I am careful and I can get away quickly - I have never been caught. The problem is... I forgot that there are new security cameras in school!

# Munim's story

My older brother is my best mate. Last year he gave me a mobile. It was a bit out of date then - but at least I have got one now. I don't have a birthday for ages and my parents can't afford a mobile for me anyhow. My brother said he found the phone and that I was lucky to get it.

# Anna's story

It's not fair. I am the only girl in my class who does not have a mobile. All my friends have got one and they get to do really cool things on it.

Sara can download music! We listen to it in the yard when Miss is not looking. I feel really left out when my friends talk about the texts they have sent to each other the night before. To make things worse I heard Catrin and Jen laughing yesterday because I didn't have one. I've got to have one, somehow!

# Levi's story

I was walking home from school after playing football. I am hoping to be selected for the school team to play against Treharry. I was texting my dad to tell him how the game went. Then, a gang of older boys came out of nowhere. Suddenly they were all around me and I couldn't run away. They forced me to hand over my phone. I had to tell my mum and dad that I had lost it. They were furious with me but I am scared to tell them the truth.
