

## Resource 5d

### Steroids Research Task

Brand Name

Cost per ml/mg

List of Ingredients if available

List the advertised benefits claimed by the production company

Are there any health warnings given by the production company?

Research three ingredients listed in the steroid compound (one from the beginning, middle and end of those listed)

Name of ingredient	What is it?	What does it do?	What are the health risks?

Once you have completed your research, join with another group to compare information.
